II. Regular Agenda

A. Millage Rate

Tom Rhinehart, Finance Department Head stated: "A public hearing is required for the 2016 city M&O millage rate as the city has decided to increase the millage rate from the rollback rate of 1.38 mills. As a result of increasing the millage rate, there will be an increase in property taxes. This increase will allow the utility funds to retain more of their earnings to fund projects that have been delayed for years. By law, the city is required to hold three public hearings for the public to voice their opinions about the tax increase. This constitutes the second of the three public hearings."

Mayor Matthew Santini opened the floor for a public hearing. No one came forward and the public hearing was closed.

No action required.

A motion to adjourn was made by Council Member Hodge. Needing no second the meeting was adjourned. Motion carried unanimously. Vote 3-0
